What We Do & Who We Serve

In 2013 - SCI served 27,000 children

2014 - we reached 55,000

2015 a record breaking 100,700 children received services

Santa Claus, Inc. is a 64 year old charity that has been faithfully helping children and families in the Inland Empire since 1952.

Through the efforts of its many volunteers, including up to four generations, SCI has been able to serve over 800,000 impoverished children.

SCI served over 15,000 children last year through its signature Holiday Distribution program. Overall we helped more than 100,000 children last year, because children need us year round.

A Community Cares is SCI's year-round program. This program targets the most underserved children living in our communities, including homeless families with children living in their cars or encampments and foster children who are exiting a hospital stay. SCI's year round programs make up more than 80% of our community outreach. We are dedicated to making a strong impact where it matters the most.

500 Plus Partners strives to assure that the necessary funds are available for SCI to operate and serve the extraordinary number of families seeking help. Our excellent year round programs now make up the bulk of services provided by SCI. With your help we will continue to grow and meet the needs of the communities we serve.

The annual Holiday Distribution now includes a **Military Appreciation Day**. In order to continue to operate and grow, SCI needs strong core funding to serve the larger numbers of children and families seeking assistance. You, as one of our partners, help insure our future.
